

To My Fellow Music Educators

SCRMC offers an educationally sound experience for both student musicians and professional music educators. The positive educational philosophy of SCRMC embraces and promotes strong teaching concepts in instrumental music education. In addition, SCRMC offers participants the opportunity to visit numerous music exhibit booths , attend clinics and presentations. Bands are encouraged to attend and perform pre-festival programs for constructive comments and suggestions. These performances are critiqued by prominent nationally known clinicians and adjudicators. The clinicians will offer assistance to band directors and their program selections as they prepare their performance at spring festivals. I highly recommend the South Central Regional Music Conference to all music educators, parents, administrators and patrons of music. This conference will provide you with a true sense of musical insight and enlightenment.

Anthony J. Maiello
Professor of Music
Director of Instrumental Studies
