

South Central Regional Music Conference

Mission Statement

It is the mission of the Board of Directors to provide a conference that includes a quality musical experience for all student participants, to schedule highly informative clinics pertinent to the profession of music education, and offer opportunities for professional growth. It is a goal of the conference to provide professional, university and student musicians the opportunity to demonstrate their exceptional music talent and skills. The Board of Directors shares the vision that music education is vital to the success of any school system and hopes that this convention will showcase the attributes of including the study of music in the curriculum. Throughout the ages, music has been a cherished and revered medium of expression that reflects our many cultures and experiences. Through music expression, our lives are enriched and our heritage is preserved.
